

ANNOUNCEMENT

We are proud to announce that NGI has been approved as a Participating Insurer (PI) by Dubai Health Authority (DHA).

I am confident that the continued efforts we have made in terms of the quality of service, technical expertise and our longevity in this market have reinforced our submission.

Along with our recent upgrade to grade **A-(Excellent)** from A.M. Best we believe that both these accomplishments are a strong reflection of our position in the market.

Transparency and reliability is the key to this achievement and we would like to thank all our stakeholders for their excellent support and confidence in us as we endeavor to attain the highest standards within the market.

It is by all means a wonderful accomplishment for NGI and we look forward to working with you.

Regards,

Dr. Abdul Zahra A Ali
Chief Executive Officer
